PROFESSIONAL SUMMARY

I'm Daniel, a Software Engineer from Barcelos. I currently work at NEXI, where I contribute to the development and maintenance of software platforms while researching and implementing AI solutions, including Deep Learning, Computer Vision, and Voice AI. I'm always looking to learn more about Software Engineering and Artificial Intelligence while continuing to grow as an engineer.

WORK EXPERIENCE

AI & Software Engineer

Sep 2024 – Present

NEXI TECHNOLOGIES

- Researched and implemented Deep Learning and Computer Vision models for my Master's thesis, *Development of a Model for Assessing Student Engagement in Class*, awarded 18/20.
- Contributed to the development and maintenance of an existing full-stack platform by implementing new features, improving backend services, and maintaining PostgreSQL databases.
- Researched, integrated, and fine-tuned Voice AI models, developing proof-of-concepts and evaluating new machine learning solutions.

EDUCATION

Bachelor's in Computer Engineering

University of Minho

- Final Grade: 14.7

2020 – 2023

Master's in Computer Engineering

University of Minho

- Final Grade: 16.4

2023 – 2026

ACTIVITIES & PROJECTS

- Developed a full-stack web platform for a local agricultural and home products store. **2026**
- Communication and Image Department Collaborator of University of Minho **2022 – 2026**
- Seeking a New Life – ERASMUS+ Project in Braga, Portugal **2025**
- ARQUS Department Collaborator of the University of Minho **2023 – 2024**
- Mentorship Program of University of Minho with Mr. Bruno Silva from Trofa Saúde Group **2024**
- United for Peace – ERASMUS+ Project in Leporano, Italy **2024**

SKILLS

- PyTorch, TensorFlow, Keras
- Python, Java, Spring, FastAPI, Django
- PostgreSQL, MySQL, Apache Spark, GCP
- LLMs, AI Agents, RAG, MCP
- Git, Linux, Docker
- Working in multicultural teams
- Public speaking and mentoring
- Portuguese (Native), English (C1)
